GREAT LAKES RESEARCH CHECKLIST

Prepared Cooperatively by the
Great Lakes Commission, Rackham Bldg., Ann Arbor, Michigan
Great Lakes Research Division, Institute of Science & Technology, University of Michigan

No. 5 - December 1961

Conferences

The Fifth Conference on Great Lakes Research will be sponsored by the Great Lakes Institute of the University of Toronto, April 9-10, 1962. A call for papers has been made. Interested persons who have not been contacted may write to Dr. G. B. Langford, General Chairman, Great Lakes Institute, University of Toronto.

The XV International Congress of Limnology will be held at the University of Wisconsin, August 20-25, 1962. A number of excursions also have been arranged. Sponsoring organizations are the International Association of Theoretical and Applied Limnology, U. S. National Academy of Sciences -- National Research Council and the American Society of Limnology and Oceanography. For information write to Dr. John C. Wright, Exec. Secy., Birge Hall, University of Wisconsin, Madison 6, Wisconsin.

Bibliographies

Great Lakes Fishery Bibliography, University of Michigan library set, is in 1119 Natural Science Bldg., along with the P. S. Welch library.

Ingram, W. M. and T. A. Wastler III (1961). Estuarine and marine pollution. Selected studies on biological, bacteriological, and physical aspects, with major emphasis on the United States literature. U. S. Dept. Health, Education and Welfare, Public Health Service, Robert A. Taft Sanitary Engineering Center, Tech. Rept. W61-4. 30 p.

Olson, F. C. W. (1959). A bibliography on seiches. 25 p. mimeographed. Request from Dr. Olson, David Sarnoff Research Center, Radio Corporation of America, Princeton, New Jersey.

New Research Project

Great Lakes Research Division, Institute of Science and Technology, University of Michigan. Ecology-Water Quality changes in Lakes Michigan-Erie. C. F. Powers and D. L. Jones Co-Principal Investigators. Supported by National Institutes of Health.
